Receive materials upfront, and pay for them over time

Plan with confidence

Bid more jobs knowing your future financial position

Get a 0.5% rebate on all Soligent material purchases made through Billo

Before we started working with Billo, we were in constant reactive mode. Now, we're being more proactive with the business. The financial stress is lifted off. I'm not sitting at home late at night worrying about how am I going to pay this, in order to get this. When you're not stressed like that, now we can go back to growing the business.
