

Installer Briefing: Key Updates

COMING SOON: Soligent Delivery Updates, Right to Your Phone

Soligent is preparing to launch SMS delivery notifications for orders delivered on Soligent trucks.

Once live, customers can opt in by replying YES and receive updates when:

- Their delivery is on the way
- The driver has arrived
- The delivery is complete

The service is free, requires no app or login, and can notify both the person who placed the order and the job-site contact. Customers can reply STOP at any time. This feature is still in final validation and is not live yet. It applies only to Soligent Delivery—not LTL or third-party freight shipments.

LightReach PPAs Now Available Through Soligent

LightReach is a (TPO) third party ownership solar plan offering lease and PPA options to help homeowners avoid high upfront costs and rising interest rates — so they can start saving in year one.

Key Details:

- Low-Risk Alternative for Homeowners
- Fast Approvals & Payouts
- Quality and Protection Guaranteed

Manufacturer Spotlight

MISSION SOLAR + SKYLIGHT AVL

Mission Solar panels are in stock at Soligent and approved for the Skylight Prepaid Lease Program, giving installers a reliable, American-made module option paired with flexible customer financing.

Skylight offers a prepaid solar lease with optional HELOC financing. The program is currently active in MA, NJ, TX, FL, and NM, with additional states planned. It includes a 25-year warranty with battery replacement during the lease term. Credit, home-equity, rate, and tax-deduction requirements vary by customer.

Mission Solar is known for dependable performance, durable construction, and U.S.-based manufacturing. With inventory available through Soligent and Skylight approval already in place, installers can streamline project planning while offering homeowners a trusted module and additional financing flexibility.
