

# POWER UP

Exclusive savings on solar equipment  
and flexible consumer financing

Scale your business through the new  
PowerUp Program, a Direct Pay rebate  
provided by Sungage and Soligent.

Save money through funding-based rebates  
while maintaining reliable cash flow and credit  
lines for your business.

- Lower dealer fees
- Reduce equipment costs
- Improve cash flow

## How It Works

1. Enroll in the Sungage–Soligent Direct Pay Program
2. Exceed \$250K in monthly loan fundings to unlock your rebate
3. Rebates paid out on a monthly basis to eligible partners and are based on monthly project volume

Must be partnered, approved, and in good standing with both Soligent and Sungage Financial and have an active credit line in good standing.
